

Memorandum

Development Services

DATE: December 16, 2004

TO: Mayor and City Council

FROM: Lusia Galav, AICP, Deputy Development Services Manager
Steve Venker, Planning & Zoning Manager
Ryan Levesque, Planner I

SUBJECT: Final Draft Zoning and Development Code

This is a continuation of previous discussion on the proposed Zoning and Development Code, for the purpose of receiving comments and direction from City Council.

Mayor and Council directed staff to place the Zoning and Development Code on each upcoming IRS agenda until City Council has finished its detailed review. Approximately half (45 minutes) of each IRS session will be dedicated to this review. Public input would be allowed beyond the usual three-minute time limit. Staff and members of the Planning and Zoning Commission will be available to provide information to, and answer questions from, City Council.
